# AIRPLANE TRANSPORT PILOT LICENSE THEORETICAL COURSE ONLINE

## DESCRIPTION AND REQUIREMENTS

The objective of the ONLINE Theoretical Airline Transport Pilot Course is to facilitate the training of those students interested in obtaining the theoretical knowledge for the development of a professional activity in airlines.

The minimum course requirements are:

- Have a Commercial Pilot or Private Pilot License (PPL-A) (CPL-A).
- Pass satisfactorily an evaluation of the school that guarantees the comprehension of the training contents in mathematics, physics and English.
- Be 18 years old
- Have an Apple device

## THEORETICAL TRAINING PHASE

The theoretical course is developed using software designed to facilitate the student's training and learning.

DESCRIPTION	MINIMUM READING TIME REQUIRED	GROUND SCHOOL	SCHOOL EXAM	TOTAL
010   AIR LAW	45,5 H	6 H	1 H	52,5 H
021   AIRCRAFT GENERAL KNOWLEDGES	60,0 H	6 H	2 H	68,0 H

<b>TOTAL</b>	<b>586 H</b>	<b>66,5 H</b>	<b>18,5 H</b>	<b>671 H</b>

The training program consists of 671 hours to be developed over a maximum period of 12 months. The course is carried out in 2 phases of 6 months each, with 8 subjects to be studied in one phase and 6 subjects in the other phase. The student must dedicate a minimum of 15 hours of study per week during the course period. The theoretical course consists of 586 hours of online teaching, 66.5 hours of classroom-based and 18.5 hours of multiple-choice exams.

## COURSE COST

✓ The course cost is 3.950,00€ and will be paid as follows:

DESCRIPTION	COST
AT REGISTRATION	790,00 €
30 DAYS AFTER REGISTRATION	790,00 €
60 DAYS AFTER REGISTRATION	790,00 €
90 DAYS AFTER REGISTRATION	790,00 €
120 DAYS AFTER REGISTRATION	790,00 €

## TERMS AND CONDITIONS

The course fee includes digital books and Padpilot teaching software licences. As specified in the course requirements, an Apple device is required for the course. The course includes the detailed theoretical classes (66.5 hours of classroom-based consolidation and 18.5 hours of multiple-choice exams) and also includes the licence of an Aviation Exam question paper for the student's practice.

The price does not include additional theoretical classes or the fees for the official theoretical exams. The duration of the course is 12 months, this period also includes the time of use of the digital licenses.

The student will be a student member of the aeroclub for a maximum period of 12 months. When taking an online theoretical course, the student will only be able to use the facilities necessary for the course until the end of the indicated period.

In the case that the student wishes to register as a member and provided that he/she has completed the course before or at the latest within the indicated period, a discount of 20% of the entry fee will be applied, provided that the maximum period of 1 year has not been exceeded since the end of the course for which he/she has registered.

**\*Check the price if you are a member of the aeroclub before starting this course.**
